BENEFITS OF 5052 GRADE ALUMINIUM OVER GRADE 5056:

- 1) Maximises hole filling
- 2) Suitable for:
 - softer materials, eg plastics, thin aluminium etc (lower tensile strength rivet)
 - thinner materials in general

ALUMINIUM RIVETS - 5052

BREMICK

COLOUR MATCHING OF RIVETS

In May 2003 BlueScope Steel launched a new colour range for COLOR BOND® XRW roofing, walling, fascia and gutter products. The new colour range included 20 fashionable colours, 4 of which were completely new colours, 14 were renamed colours from the old range and 2 were from the previous COLORBOND® Fencing steel range.

In order that you can take full advantage of the latest trends in the market Bremick has these colours available in our standard stock range for rivets.

Below is a table that outlines the full colour range in both Roofing and Fencing Colours. The table also shows where roofing and fencing colours match. The Bremick code system gives preference to the Roofing colour name in all cases where the colours match.

ALUMINIUM RIVETS - 5052 TRADE PACKS

BREMICK

ALUMINIUM 5052 RIVETS - TRADE PACKS

Steel Stem Zinc Plated
Truss Head

Bremick Fasteners now stock rivets in Plastic Trade Packs containing 100 pieces of Aluminium 5052 - Zinc Plated Steel Stem Truss Head Rivets.

The Trade Pack boxes are purpose designed, robust, resealable packs with hinged lids complete with easy lock closing clamps. Making them the ideal solution for efficient and tidy storage in any Tradesmans tool box or workshop.

The plastic Trade Packs are of unique modular design giving high shelf densities and the perfect presentation in any retail environment.

For your convenience each pack is individually labeled with product information , manufacturing batch number and Bar Code. For easy recognition of painted rivet colours each pack of painted rivets is supplied with the Bremick Colour Swatch label giving full colour name and visual colour recognition.

All Trade Packs are subject to a surcharge of \$ 1.50 net, after any applicable discount.
All Painted Trade Packs are subject to a surcharge of \$2.50 net after any applicable discount.
